### Fort Worth Stockyards Announces Special Sale September 29

Fort Worth, Texas-The Fort Worth Stockyards has announced a series of Special Stocker-Feeder Show and Sale to be held in 1983. The sales will be held the last Thursday each month thru October and the final sale will be held November 17, 1983.

Sale dates are September 29, October 21 and November 17.

Judging of show cattle will begin at 7:30 a.m. on show and sale days and odd lots will start selling at 9:00 a.m. Prizes will be shown at 10:00 a.m.

There will be show classes for Hereford steers and heifers, Angus steers and heifers, and crossbred and exotic steers and heifers. Steer and heifer classes are shown in lots of 10-18 head and 20 head and more. Bulls may be shown with steer classes.

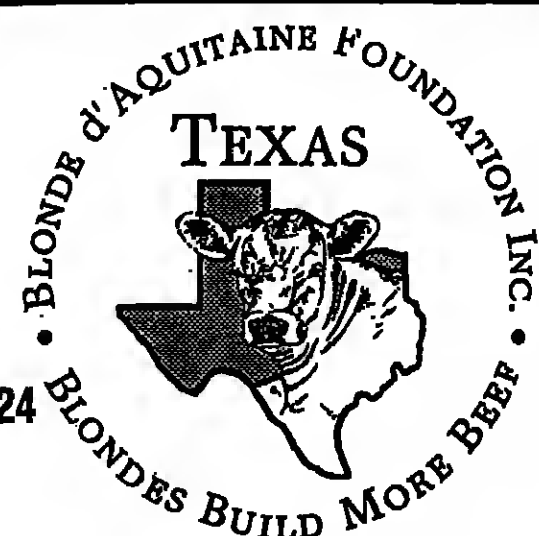

These special shows and sales have been held for many years at the Fort Worth Stockyards and attract buying power that insures competitive prices for consignors. The sales attract cattle in sufficient numbers and uniform quality for buyers to easily fill their needs.

For information and to make consignments to these special sales contact any of the following full-time, full-service commission men at the Fort Worth Stockyards: Gary Allen 817/282-2002; Hub Carter 817/282-2588; Bill King 817/888-0996; or Leon Ralls 817/824-2891; or contact the Fort Worth Stockyards office at 817/826-8761.

## **Stuph & Thangs**

(CONT. FROM PAGE 1A)

Stuph, while inexcusable, may have been the result of a game of chicken in which the ex-military Korean pilot was "some fun" in the Soviet Union's nest over there. Our military fliers have reported Soviet planes regularly invade our air space and when confronted and warned, they leave, and usually these Soviet military fliers seem to be just trying to see "what we will do" according to our ears. We have had the same kind of chicken games on the high seas with Soviet naval units, and in fact this got so rough at one time that we had to use a hot line and tell 'em next time we

were gonna blow somebody outta the watter, before they called it off. Natchery, the civilized world needs to punish the Soviets in any way possible. Natchery we have our share of pin heads in Congress and elsewhere who immediately called for another "embargo" and one of the first mentioned was the recent grain deal. How dense

these people can be not to understand that our refusal to sell grain to 'em might make 'em no never mind. They'll get it elsewhere. How stupid advocates of embargoes can get is beyond understanding. To date our Government is to be congratulated on the way they have handled this murderous attack. Unilateral action by the United States will not accomplish anything, except that we will shoot

ourselves in the foot all over again and the rest of the world will profit by taking over the market place. There are better ways than trade embargoes, and why these idiots think hitting America's Agriculture over the head is gonna hurt Russia, is simply beyond our comprehension. Ever thine, The Editor.

P.S.: Uncle Dunk notes that now the

U.S. Auto Industry has begun to regain some of the domestic market from them furrin car makers, the Big Labor Boys want to kick costs back up to where they were when we priced our selfs out of the market in recent years. Being competitive means being competitive on costs of manufacture is as important as competitive quality. Why turn back the clock and have another wreck? — Thasall, Brothers!

## Commodity Comment

Week Ending Sept. 1

The futures markets are quite volatile for all commodities and limit moves tend

to be the order of the day. The main motivating forces continue to be the heat-wave and drought in the Midwest and a very strong U.S. Dollar. These forces bear close watching. The drought has brought forth a supply bull market in grains and the ripple effect of higher grain prices has caused a sharp rally in hog and belly prices. The strong U.S. Dollar continues to weigh heavily on the foreign currencies and precious metal markets. There sure is a lot of action around.

The Chicago Board of Trade has a real bull market on its hands. The long drought and heat-wave have taken its toll on the corn and soybean crops. Late last week unexpected rains hit the northern Illinois, Indiana and Ohio Valley regions. Soybean and corn prices responded by dropping the permissible limit two days in a row. Trading soybeans right now requires ice water in your veins. A 80 cents move in two days is common place trading under current market conditions. The trend for grain prices remains higher. As I have mentioned before, the trend is your friend. The grain markets are beginning to shift

focus from supply to demand. And demand for grains, especially soybeans, is terrible. But as long as the size of the bean and corn crops remains unknown (and unharvested) price drops should be well supported. At this writing, November beans closed at 38 1/2, December corn at 36 3/4, and December wheat at 40 5/8.

The livestock markets fell sharply this past week due to heavy slaughter, poor demand and declining grain prices. Hog prices have been gaining in price compared to cattle prices in recent weeks. A lot of the strength in hog prices is due to the bull market in grains. The cattle market is a real train wreck. New yearly lows were hit this week with the feeder cattle leading the way downward. I mentioned before that the feeder cattle futures should drop below \$5. This week they touched \$5.27. And the "beats" think feeders are headed another \$5 down! Is it possible? In commodity trading all things are possible. I'm still very "bearish" on livestock thru the fall of this year. I view all rallies in livestock futures (except spring and summer 1984) as selling opportunities. Prolonged cool weather will cause the hog market to give way in the same

manner as the cattle market. At this writing, October cattle closed at \$6.50, October feeders at \$7.25, October hogs at \$4.80, and February bellies at \$3.32.

Which Way From Here?

As long as the U.S. Dollar remains strong, precious metal prices should go lower and foreign currencies will follow suit. The trend in currencies is down—metal prices neutral to lower. I still like the long side of Bonds and GNMA's. I would be a light buyer on price setbacks. I look for interest rates to work lower in 1984. Remember that 1984 is an election year and I can't imagine interest rates going up when it's time to elect a President.

There are certainly good markets, offering numerous trading opportunities. But don't get carried away being a "bull." There are very few markets where your trend is definitely up and unless you trade with the trend, you'll end up losing money. Have Fun! Jerry Walsh, Commodity Specialist, Prudential-Bache Securities, St. Louis, MO 88106, 800/325-7379.

## Feeders Sold Lower During Past Week

St. Joseph, Sept. 2 (USDA) - National feeder cattle and calf receipts this week 130,800, last week 174,100, year ago 281,000. Prices for feeder cattle and calves substantially lower this week. Material price declines for fed cattle again this week was at least one major factor in the price loss for feeders. Modest rainfall in some areas helped to alleviate the dry conditions, at least for the moment, and some price strength was registered but only on a scattered basis. According to the USDA Livestock and Grain Market

The June 1983 production allowable totaled 91,834,329 barrels. The state's oil production was 23.17 percent under the allowable for the month.

The state's top producing counties in June were Pecos, 4,126,037 barrels; Ector, 3,681,868 barrels; Gaines, 3,847,864 barrels; Yoakum, 3,608,612 barrels; Andrews, 3,158,923 barrels; Gregg, 3,122,911 barrels; Hockley, 3,066,766 barrels; Scurry, 2,489,918 barrels; Crane, 2,102,365 barrels; and Refugio, 1,875,662 barrels.

The latest production totals available show that oil production totaled 432,387,257 barrels during the first six months of 1983. Through June of 1982, Texas produced 436,558,181 barrels of oil.

In June 1983, Texas crude oil production totaled 70,214,489 barrels. The state produced 72,568,187 barrels in May 1983 and 71,358,948 barrels in June 1982.

Texas oil production averaged 2,840,484 barrels daily in June, up from 2,832,480 barrels daily in May but down from 2,875,632 barrels daily in June 1982.

## Replacement Heifer Sale Set at A&M Overton Center

Beef cattle producers have a double opportunity Saturday, September 17, at the Texas A&M University Agricultural Research and Extension Center at Overton. Approximately 46 replacement heifers are being offered for sale to the highest bidder and a short program on beef cattle and winter pasture management will be presented.

According to Dr. Charles Long, resident director of research for the Texas Agricultural Experiment Station, the heifers will be available for inspection after 5:00 p.m., Friday, September 16, and again on Saturday before the sale and program. All activities will be at the central area located one mile north of the Center headquarters building at the intersection of Farm Road 3063 and the Old Jamestown Road.

The heifers being offered are one-half Shorthorn, one-quarter Hereford and one-quarter Brahman. All have been dehorned, were caulked vaccinated for tuberculosis and are from a certified tuberculosis and brucellosis tested and will have appropriate health papers for movement anywhere in the United States.

Weighing approximately 900 pounds each, the heifers are 18 to 20 months old. They have been exposed to Angus bulls for 60 days and will be pregnancy tested prior to the sale. The heifers will be sold in lots of two to four head.

The heifer sale is scheduled at approximately 10:00 a.m. and will conclude the day's activities. All interested persons are invited to attend and participate in the program and sale.

# **Technology Development Award Announced**

Deer - The National Cattlemen's Assn. has announced plans for its new "Technology Development" award. The award will be presented annually to an individual or individuals for the discovery, development and/or application of technology which materially increases efficiency and profitability of beef cattle production.

The 1984 award, to be presented at NCA's 1984 convention in January in New Orleans, is being sponsored by the NCA Foundation, Inc. ISP will contribute \$10,000 to the NCA Foundation on behalf of the recipient. The NCA Foundation will use the money to foster research and education programs for the betterment of the beef cattle industry.

In addition, ISP will provide the

# **Heart O' Texas Fair Entries Near Record**

Waco - Large entries from Johnson, Tarrant and San Saba Counties in recent weeks have convinced Supt. Mary Greene that record or near record numbers can be expected for the Junior Livestock show at the Heart O' Texas Fair and Rodeo, Oct. 24.

"We already had received good entry lists from McLennan, Milam and Freestone Counties, plus some earlier ones from Tarrant County," said Ms. Greene. "A truly outstanding show is shaping up. We need to confirm one more edge before announcing our strong lineup of judges for the October show."

The Johnson County entries were from No. Vista, Cleburne, Alvarado and Grandview and were sent in by extension agent Marshall Eaton. Menafield, Smithfield, Hurst and Burleson were included in the Tarrant County list along with several other entries from Arlington. They were sent in by J. W. Danfield, extension agent.

Breeding sheep comprised most of the San Saba County entries sent in by extension agent Billy Kidd. Ranbi Ram-bouillet and Delsine Merinos were the principal breeds of sheep entered by youth in San Saba, Band and Lometa.

Newly named McLennan County extension agent Daniel Milner is working to have one of this county's largest list of entries.

# **Shorthorn Association Names Builder Of Breed Recipients**

Dr. Roger E. Hunsley, executive secretary-treasurer of the American Shorthorn Association, Omaha, Nebraska, has announced those persons selected as the association's 1983 Builders of the Breed. Those producers are Sherman Berg, Blair, Ne.; James A. McNeer, Ozarkton, Tex.; Dan Hunsley, Waco, Ga.; Archie and Gary Hansen, Lincoln, N.D.; N. Gerald and Frank Alexander, Goodwater, Sask.; Ed and Edgar and John Wise, Bethany, N.J. and Ralph and Don Pope, Metcalf, Ill.

First presented in 1946, these awards are given to breeders who have made valuable contributions to the development and success of the Shorthorn and related breed over the years. They are all currently involved in Shorthorn cattle production and have each shown outstanding leadership in breed associations, agricultural organizations, and civic and social societies.

## J. D. Hudgins F1 Consignment Sale Sets \$738 Pace On 501 Lots

The J. D. Hudgins, Inc. Second Annual F1 Consignment Sale set a \$738 average on 501 lots, August 27 to Houston, TX.

Three hundred, fifty-four bred females went for \$765 and 147 open brought \$877.

Top selling pen was five Brahman X Hereford open heifers that brought \$1250 from Bleizing Trass Ranch, Bellvue, WA. These heifers were con-

signed by Five Wells Ranch, Rogers, TX. Champion pen was from Smoky Bend Ranch and were Brahman X Hereford heifers three months sale to Hereford bulls. They brought \$880 from L'au Claire Farms, Tylertown, MS. L'au Claire also bought the reserve pen, five bred Brahman X Hereford crosses from The Tee Tee Ranch, Frost, for \$850.

pointment and said Matocha will replace Lee Pritchard who resigned July 31 to take a position with the American Hereford Association. Matocha, 22, is a 1983 graduate of Texas A & M University to animal science. He was employed from June through August of this year with the Guatro B Brangus Ranch in Lexington, TX doing artificial insemination.

"I am pleased to add a person of Vincent's ability to our staff," Schronk said, "and expect our youth program and F1 program to continue their growth under his direction."

## Matocha New Director Of Association Services At ABBA

Houston — Vincent Matocha, Rosenberg, TX, has been appointed Director of Association Services for the American Brahman Breeders Association in Houston, TX effective September 1, 1983.

ABBA Executive Vice-President Wendell Schronk announced the ap-

### Hill Country Red Brangus Will Sell October 8

The Hill Country Red Brangus Sale has been set for October 8, 1983 at the Gillespie County Fairgrounds in Fredericksburg, Texas.

Benson Ranch of Yancey and Bernhard Ranch of Fredericksburg will sponsor this second annual joint production sale. Also included in this year's sale will be guest consignors John Hill, Double L Ranch, n' Dripping Springs and George and Kyle McAllister n' Blanco.

One hundred lots of high quality cattle will sell. The sale offering is as follows: sixty service age bulls, fertility tested and ready for service, ten pairs with a few three-in-one packages included, twenty-five bred females (heifers and young cows) and ten fancy open heifers.

Everyone is invited for cocktails and dinner starting at 6:00 p.m. Friday, October 7 at the show barn. Cattle will also be on display all day prior to sale day.

Financing will be available with prior approval. For further information contact auctioneers and sale managers Reyes and Menchaca, 118 West Nakoma, San Antonio, Texas 78218, telephone 512/349-2185.

Texas Agriculture Commissioner Jim Lightfoot congratulates Mike Levi, owner of Paleface Ranch, on the recognition of the syndicated herd sire, PFR Oscar's Improver 77/5, as a Certified Meat Sire. This designation is awarded by Performance Registry International (PRI) to those bulls which, by actual slaughter of their progeny, are proven to be capable of producing a majority of choice grade carcasses in yield grade two. Daughters of the 77/5 bull, and the opportunity to breed to him, will be among the highlights of the Paleface Ranch heifer sale, scheduled at the ranch west of Austin, Texas on Saturday, September 17.

### Paleface Heifer Sale Will Be Sept. 17

The 100 heifers to be offered at the Paleface Ranch heifer sale on September 17 have been carefully selected on the basis of performance, pedigree and individual quality for the potential to improve any breeder's herd, according to Mike Levi owner of the ranch.

In addition to the quality of the heifers offered, the buyers will have the right to semen and breeder's certificates from eleven of the top herd sires of the Red Brangus breed. These bulls are from the three most popular lines of the breed, all based on the original Oscar 11/7 bull.

In addition to the semen rights to all of these bulls, buyers will have the right to a guaranteed pregnancy to the great 77/5 bull, Certified Meat Sire. This offer is believed to be a first in the cattle industry.

Bale headquarters will be the Wyndham Southpark Hotel, located at the corner of IH-35 South and Highway 71 in Austin. For reservations call (512) 448-2222 or Mike Levi at (512) 284-1711. ### Forage, Beef Field Day Set Sept. 28

North Texas cattlemen will be introduced to two new promising grasses at the Grass-Clover and Beef Field Day, September 28 in Bowie.

Beginning with refreshments and registration at 8:30 a.m. at the Marvin & Eva Lewis Simmental Ranch in Sunset, producers will see stands of Brazos Bermuda & Verde Kleingrass. Brazos in the new forage producing 20 to 25 percent greater animal performance while Verde is a large seeded Kleingrass.

Participants will then see a Snell High Tensil Fence, inoculate clover seed,

seed permanent pastures and discuss management of winter pastures. A working dog demonstration with border collies trained by Ray Freeman will also be presented.

To reach the ranch, take Hwy. 287 to Sunset, Texas in South East Montague County, take FM 1749 2 1/2 miles North East of Sunset and turn south at the first crossroad which is the opposite direction of Smyrna Cemetery. Go 3/4 miles to the ranch.

The program is sponsored by the Montague County Extension Livestock Committee in cooperation with the Upper Elm-Red Soil Conservation District. Contact Rayford Pullen, Montague County Extension Agent at 817-893-2831 for further information.

### Pinzgauer To Be Exhibited At Brahman Event

There will be a HiPoint Ranch Pinzgauer display at the Brahman Field Day, Sept. 24, held at Barfield Ranch, New Boston, Texas. Activities include a Farm & Ranch Equipment Show, Cattle Show, Junior Cattle Show to be judged by Dr. Randall Grooms, Cosmetic Dehorning, Electric Dehorning Demonstration, Barbecue Dinner, to mention a few.

A new star is formed every 18 days in the galaxy.

# PRORICH FEEDS

FROM THE HEART OF THE ROCKIES...

**A Testimonial . . .**  
"This past winter I used Prorich supplemental feed on my cow herd. I was very pleased with the results. As the cattle came through the winter in better condition than ever before. The cattle arrived off immediately and cycled earlier. Having used different feeds in the past I can appreciate the values of the Prorich formula."

Move round bales as gently as hydraulics  
without leaving your pickup seat!

**Priefert  
Hay Dolly**

No wirches  
No hydraulics  
No electrical connections

### Don't Damage Your Roof!

When you get molature under the roof of the bale, it can't dry out and this spoils the hay. The Priefert Hay Dolly never touches the roof, never drops or rolls the bale. With no bale damage, there's seldom bale spoilage.

The Priefert Hay Dolly hooks to your pickup or tractor with only a simple pin hitch and trip rope. Because brakes

are not required, the Hay Dolly works well in bad ground conditions. The simplicity of the Priefert bale mover will amaze you and assure you of a long, productive life for this unit. Write or phone for literature and dealer nearest you.

**INCREASES THE VALUE OF YOUR CALVES**

Precondition your calves and your calves are worth more. Here's why:

- Calves like its form and taste, they go for the bunk immediately.
- P/R Chow's exact energy roughage ratio plus AS 707 dramatically reduces the high cost of sickness and death. Virtually no vet bills.
- Calves gain 50 to 80 extra lbs. in three weeks.

P/R Chow enables you to produce a better product. That means higher demand and higher profits—and that's good business.

## Weldon Edwards, West Texas State Fair Texas Show Honoree

Weldon Edwards, Clyde, TX, will be honored in Abilene on September 20 & 21, who the ROM Hereford Show will be dedicated to him and named to his honor.

Edwards was born in Clyde where his father had purchased a 240 acre place in the 1930's and other than school years at McMurry College, he has spent most of his life there.

After graduation from college, he was named to the school board of the small town and one of his first assignments was to hire a teacher...that teacher was a young woman named Dorothy Jean Soules who became his wife the following spring on April 26, 1941.

His home place came up for sale about that same time and he purchased it and it was there that he started into the livestock business on his own, first with a steer operation, then a cow/calf operation. In 1961 he purchased his first registered cattle and from that beginning has established a herd of national recognition.

Weldon and Dorothy Jean Edwards are familiar faces to people throughout the Hereford industry. He served as president of the Texas Hereford

Association in 1973 and 1974 and has been a earnest supporter and friend to the association in addition to the offices he has held in it.

The Edwards have three sons, Weldon Lynn, Murray, and David, and four grandchildren.

## SNELL POWER FENCE. EASY AS...

...ONE Gallagher/Snell Energizer for enough power to fence your whole place! The most powerful and dependable electric fence chargers in the world... weeds and grass won't short them out, they'll keep livestock where you want them.

...TWO Snell Fiberglass "T" Posts. One in the ground as a line post, one in the fence as a stay. Space them 50 feet apart (on level ground) for a permanent fence that's three times faster to build than barbed wire fencing.

...THREE strands of Snell's Hi-Tensile Smooth wire make a permanent livestock fence that's twice as effective as barbed or net wire fencing, at half the cost.

Snell Power Fence...three easy steps for every fence you need. For information and prices on the most effective, economical and long lasting fence on the market contact

**AVOID CHANGING WELL LEATHERS FOR MANY YEARS**  
Perma-cups are molded urethane, more wear resistant than steel. Perma-cups will outlast leathers 10 to 1. That tapered design allows only 1/8" wear, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been relined in 5 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship same day order is received. This is our 32nd year serving ranchers.

## Butz To Headline Convention Speakers For Red Angus

Denton, Texas - Earl L. Butz, former U.S. Secretary of Agriculture, will be one of three featured speakers at the Red Angus Association 80th Annual National Convention in Bettendorf, Iowa on September 22-24.

Butz, who will speak to the convention on the positive outlook for American agriculture, grew up on a family farm in Noble County, Indiana. He graduated from Purdue University in 1922 and received his Ph.D. from the same university in 1937. Interpersed with his governmental position he served on the Purdue faculty as head of the Agricultural Economics Department, Dean of Agriculture and Dean of Continuing Education. He was also Vice President of the Purdue Research Foundation.

Dr. Butz served as U.S. Secretary of Agriculture from 1971-76. In that post, he worked tirelessly to promote American agriculture, to keep the U.S. the world's best fed nation, to improve farm income, to minimize federal onerousness to farming, and to expand and keep open farm export markets.

Other keynote speakers at the Red Angus Association will include Steve Radshovich, Earlham, Iowa, and Ted Price, Omaha, Nebraska, who will lead a discussion on marketing.

Radshovich, co-owner of Radshovich Cattle Company, is one of the leading purebred beef cattle breeders in the country. With his family he has developed one of the most successful production units in the Midwest, and he has judged numerous cattle shows throughout the U.S. He has written several articles for leading beef publications in the past few years and is a recognized leader in the field of practical beef production and marketing.

Price, president of Words & Music, Inc., has spent all of his adult life in advertising and marketing. He has

served as Program Director and Production Manager of several radio stations and broadcast chains. He is experienced in television, animation, outdoor and print media. He has produced advertising and marketing campaigns for Godfather's Pizza, and Miami Seaquarium, Dist. Centro International, and the National March of Dimes.

Anyone interested in attending one or more days of the Red Angus Association convention should contact the association office at the following address: 4201 1-85 North, Denton, Texas 76201; phone 817/387-3603.

## Crosslin's Red Angus To Disperse Oct. 15

## "Strategy for Success '83" Is Theme of TCFA Convention

Amarillo - Leaders of the nation's three major beef organizations will discuss "strategies for success" in the beef industry when they address the Texas Cattle Feeders Association Annual Convention Nov. 13-15 in San Antonio.

The convention, carrying the theme "Strategy for Success '83," will be at the Hyatt Regency Hotel along the picturesque San Antonio River and within walking distance of The Alamo. About 800 persons are expected to attend, according to Jim Peterson, TCFA convention manager. TCFA represents over 150 feedyards producing more than 20% of the nation's fed beef.

The Texas CowBelles, a leading promoter of beef, will hold its annual meeting in conjunction with the TCFA event.

Don Butler, chairman of the U.S. Meat Export Federation; Jim Mullins, chairman of the National Live Stock and Meat Board; and Don Waltrip, president of the National Cattlemen's Association, will make up a convention panel discussing "Strategies for Success in the '80s."

The panel will be moderated by Dr. L. S. "Bill" Pope, director of the department of animal science for New Mexico State University.

One of the industry's most pressing issues - lean beef - will be discussed by a panel headed by R. L. "Bob" Bliss, past TCFA president and vice president of Friona Industries. The panel will discuss problems involved in producing and marketing lean beef.

TCFA President Charlie Koontz, general manager and president of Olton Feedyards, will update the membership on 1983 TCFA activities and what can be expected in 1984.

Other speakers scheduled to address the convention include: San Antonio Mayor Henry Cisneros; James Humes, a former U.S. State Department official and speech writer for four U.S. presidents; and Dr. Amy McGee-Cooper, author of several books on creative thinking.

## Abandoned Funds Go to State Worth \$7.1 Million

Austin - Texas Treasurer Andy Rihardie said today that he is depositing a total of \$7.1 million in abandoned money collections to the state's General Revenue and Available School Funds, a 42% increase over the amount deposited last year.

The Treasurer also proudly reported that refunds of abandoned money to rightful owners were more than double last year's rate. He said more than \$1 million has been returned to owners this year as a result of the newly implemented "locator unit" in the Treasury's Unclaimed Property Division.

According to state law, Rihardie said, abandoned money collected by the state which is not returned to owners must be transferred to the state's operating funds to help finance vital programs such as education, law enforcement and transportation.

## Beef Cattle Program Lost Top Hand

College Station - The Texas Agricultural Extension Service lost its top hand for beef cattle programs when L.A. Maddox retired Aug. 31. Over the years - almost 30 - Maddox has been carrying the Extension banner and has been working hard to educate beef cattle producers. His major effort during these years has been beef cattle performance testing, with special emphasis on the genetics involved in improving production efficiency in purebred and crossbred herds.

## Profitable Books You Should Have

Tax Guide for Farmers - A detailed 350-page book which includes all 1981 tax law changes affecting the farm operation. Designed to help minimize your tax bill, it contains nine big chapters packed with tax-saving methods and suggestions strictly for farmers. Covers tax management as a financial tool; managing farm income and expenses; land and depreciable property; tax reporting and returns; social security taxes; tax aspects of farm business organization; plus additional tax-saving principles and strategies. Price \$12.95.

Feeds & Figures for Farmers - A complete reference handbook with all the facts, calculations, math, tables, and charts you need in the everyday operation of your farm. Full of facts to help calculate inputs, measure land, figure silo capacities, balance rations, calibrate sprayers, analyze budgets, estimate space needs, machinery operating costs... to name a few. 348 pages. Thirty chapters on livestock, crops, buildings, equipment, accounting, and much more. Price \$9.95.

Futures Handbook for Farmers - An 80-page guide covering how the futures market works and how to interpret technical price movements that can help your marketing program even if you never use futures for hedging. Discusses cash/futures relationships; illustrated use of chart formation; details how volume and open interest can help you diagnose market conditions; and helps you spot support and resistance areas that may signal price turnarounds; plus more. Price \$3.95.

Brian Tasks of Animal Health - A 454-page, hardcover volume no livestock owner should be without. It's packed with answers to the "nitty and bolts" health problems you encounter daily in your operation. Detailed, well-illustrated coverage of diseases conditions, signs, causes, prevention, transmission, and treatment. Also covers handling and restraint, reproduction and birth difficulties, nutrition. Complete sections on beef and dairy cattle, hogs, and horses. A real A to Z book on how to keep your animals functioning at top efficiency. Price \$19.95.

Field and Equipment Record Book - A very popular 150-page ever-ready record book for the year, keep facts on key cropping practices, and analyze the results. Includes section for plotting your farm layout and keeping up to six years of cropping history. Also includes areas for recording vital facts on your machinery, equipment, and more. Price \$10.25.

Buying and Selling Farmland - An excellent book on the intricacies connected with the purchase or sale of farm real estate. Its 320 pages cover how to find and buy land with the greatest profit potential; how to determine a fair market value for your land; how to set the most when you sell; how to decide whether to add more land to your operation; how to avoid pitfalls in land transactions. Also includes answers to 130 most asked questions on farmland purchase or sale. Complete, easy to understand. Price \$10.95.

Farm Management Guide - Contains 335 pages packed with valuable production, management, and marketing information you can put right to work in your operation. Thirteen big chapters provide detailed facts on acquiring a farm; planning and financing; taxes and insurance; soil and crop production; livestock production; buildings, equipment, and machinery; marketing. A complete farm reference. Price \$9.95.

Farm Buildings from Planning to Completion - A 432-page volume covering every aspect of planning and erecting farm buildings for milks, beef, dairy, poultry, horses as well as farm shops, machinery and crop storage facilities. Contains chapters on building economics, site selection, foundations, floors, walls, roofing, electrical wiring, plumbing, painting, insulation, ventilation, heating systems, and much more. Price \$19.95.

## Pinzgauer's To Show At East Texas Fair

The SWPA will be participating in the activities at the East Texas Fair at Tyler in September. All Pinzgauer cattle that are to be exhibited or shown must be in the fair by 8:00 pm, Sunday, September 25. The SWPA show will be Monday, September 26 at 7:00 pm at the East Texas Fair Grounds. Cattle will be released from the barn on Wednesday, Sept. 28 at 10:00 pm. Roles governing the East Texas Fair: 1. All Pinzgauer entries must be registered with the American Pinzgauer Association to be eligible to compete. 2. Registration papers and latencies will be checked by show officials as stall spaces are assigned; 3. No exhibitor shall be permitted to win more than two prizes in any one class. 4. All rules governing the Livestock Department as well as the general rules and regulations will apply to the Pinzgauer section; and 5. The \$20 Herdman Award in the Pinzgauer section will be matched by the SWPA.

Two classes have been added to the 1983 show. The first is Produce of Dam which will consist of two offspring of one cow, within the age limits of individual classes. The other new class is Girl of the Show. This award will be made up of three animals, both sexes represented, which are owned by an exhibitor.

The entry fee per animal is \$20 each for show cattle and \$10 per head for exhibit cattle. Entry cards should be completed and returned to Marie Hooper, Rt. 20, Box 88, Tyler, Texas. Questions concerning Pinzgauer cattle at the East Texas Fair exhibit and show should also be addressed to Mrs. Hooper.

## Heart Of America Brangus Hold Picnic

Brangus cattle, fellowship and fun went hand in hand at the 21st Annual Heart of America Brangus Breeders Association picnic at DK Brangus in Moro, MO, on July 24, 1983.

Don and Kathryn Kyle, DK Brangus owners, welcomed over 150 guests from Iowa, Kansas, Missouri, Nebraska and Texas to the picnic. The day began with the selection of the 10-Karat Sale halibut by Rex Hart, Quirk Lead and Cattle Company, Hastings, NE. A hamburger lunch followed the halibut selection.

The day wound down with a HOA business meeting and Heart of America Junior Brangus Breeders Association meeting. Now HOA officers were elected as follows: Meber, president, Carr, vice president; Karen Klingart, Montgomery City, MO, secretary-treasurer; and David Achison, Houston, MO, reporter.

## Camping Banned at Roadside Parks

Austin - Signs informing travelers and tourists that it is now against the law to camp in state-maintained roadside parks and rest areas soon will be appearing at these locations.

House Bill 876, spawned as a result of frequent abuse of rest areas and parks over the past few years, has made it illegal to erect tents or other structures without a permit, or to remain in roadside parks, rest areas, comfort stations or picnic areas for more than 24 hours. Fines ranging up to \$200 can be assessed for violators. Permits will be granted on

## Lone Star Edition Simmental Sale Scheduled For Feb. 4

Jim Grubbs, President of the Palo Pinto Simmental Breeders Association, recently announced that they will sponsor the Lone Star Edition Simmental Sale. The sale will be held on Saturday, February 4, 1984, during the Southwestern Exposition and Fat Stock Show to Fort Worth, Texas. The offering will include 50 Fullblood and Purebred Simmental cattle consigned by leading breeders from across the nation.

The "Edition" will be a sequel to the highly successful Lone Star Revue Simmental Sale held last year in Fort Worth during the 18th Annual American Simmental Association Convention. Sixty-four lots of Fullblood and Purebred Simmental sold in that sale for a \$5,068 average. Consignments were accepted from breeders in ten states and Canada.

## 1st Annual Stephens County Invitational All Breed Bull Sale

Plans have been completed for the 1st Annual Stephens County Invitational Registered All Breed Bull Sale. The sale will be held Thursday, October 13, 1983 at the Stephens County Agricultural Center, Breckenridge, Texas.

The sale will include 85 bulls from seven breeds coming from some of the top herds in the area. The bulls will be from 18 to 42 months of age, fertility tested and will have health papers for interstate shipment.

This is an excellent opportunity for the registered breeder, and the commercial cowman as well, to obtain high quality bulls from the following breeders: Angus, Echols Ranch, Caddo, James Dean, Keller, Brangus, Andrews Ranch, Throckmorton, Ser T Brangus, Aspermont, Justin Puschel, Hoskell, Ervin Puschel, Stamford, Willie Feiser, Haskell, W.C. Holt, Abilene, Elmoulin, Leary Sims Ranch, Baird, Malone-Anjaly League Ranch, Benjamin, Harford, Thomas Swann Ranch, Breckenridge, Circle G Ranch, Ennis, Douthitt Ranch, Henriette, Knox Ranch, Weatherford, Polled Hereford, Donovan Ranch, Cocco, Duch Land & Cattle Co., Abilene; Farrington Polled Hereford, Abilene; and Simmental, Millicent Ranch, Mineral Wells, Pepper Simmental, Granbury.

Activities will include a evaluation for breed champions on October 12th. On October 18th educational exhibits will be provided by Texas Animal Health Commission, Texas Department of Agriculture, and breed associations. Those individuals will man their booths beginning at 8:00 a.m. and the sale will begin at 1:00 p.m. The Breckenridge Chapter of the Future Farmers of America will have the concession stand and a barbecue lunch will be catered.
